Message of Condolence for San Bernardino

Riverside University Health System—Public Health would like to extend its deepest condolences to the all those impacted by the shootings in San Bernardino.

Our long-standing professional partnership with so many wonderful colleagues in the San Bernardino Public Health department makes this incident especially heartbreaking. They have our hearts and prayers at this time.

We have and will continue to value our friendship with the good people of San Bernardino and will stand by them as they come together and heal in the wake of such tragedy.

In difficult times such as these, we urge everyone to remember that the Department of Public Health stands ready to serve Riverside County residents for all their health and wellness needs.

We work to ensure the best health of all our residents and visitors. It is our commitment to the public and our greatest source of pride.

Susan Harrington, M.S., R.D., Director

Cameron Kaiser, M.D., Public Health Officer
